# 30 BIEMH

## INTERNATIONAL MACHINE TOOL BIENNIAL

The 30th edition of BIEMH will be held from 28th May to 1st June, following the success of previous editions, in the midst of a transformation process filled with optimism.

2018 BIEMH is committed to **showcase the most advanced technology solutions and active participation by both exhibitors and visitors**, with an aim to help companies to get the best positioning in an increasingly competitive market.

## INDUSTRY 4.0

BIEMH 2018 will showcase the solutions and new technologies that are revolutionising the production processes.

Known as the fourth industrial revolution it offers companies optimisation of resources, consumption reduction, flexibilisation and customised production and improvement in the quality of their results to meet a demanding market that seeks the most advanced innovation and technology.

In this context, this 30th edition of the fair is arriving to consolidate the processes of Industry 4.0 in the machine tool sector.

## THE EXHIBITORS KEY PLAYERS OF THE FAIR

In all its editions BIEMH has strived to offer the best in the industry. A target reached through **the participation of the leading machine-tool companies in the world.**

Thanks to their involvement and collaboration, this event is one of the most exceptional trade fairs of the sector. A meeting place to catch up with the market dynamizing manufacturing processes, that promotes commercial contacts, synergies and business opportunities.

"We have received a remarkable number of visits by non-customers."  
**Christian Postigo, Manager - Maquinsar.**

"Our goal is to position ourselves as a leader in quality and service."  
**Carlos Arimón, Managing Director of Hoffmann Iberia Quality Tools.**

"We have met our objectives of visitors and orders."  
**Zigor Aizpurua, Regional Manager - Basque Country of DMG MORI.**

"We are returning to the grand moments of previous fairs."  
**Jon Urgoiti, Commercial Manager of Ona Electroerosión.**

"Our expectations were positive and they have been realised."  
**Ainhoa Rementería, Managing Director of GORATU.**

## BE DIGITAL **NEW**

Big data, augmented and virtual reality, integrated management systems, cloud services, IoT, cyber-security, specific software solutions for the automation of the industry...

The 30th edition of BIEMH will have a **new space**, which will complete the offer and its connection to **INDUSTRY 4.0: INDUSTRIAL DIGITALISATION.**

In view of the need for companies to adapt their production processes to digital advances, BIEMH 2018 will showcase the best digital tools and solutions aimed at professionals who want to take advantage of the opportunities that digital transformation offers to the industry.

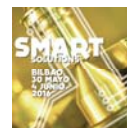

## 3<sup>RD</sup> ADDIT3D

INTERNATIONAL FAIR OF ADDITIVE MANUFACTURING AND 3D

ADDIT3D will be held along the sidelines of BIEMH 2018, co-hosted by ADDIMAT and Bilbao Exhibition Centre.

After two successful editions, ADDIT3D is the best meeting point for knowledge sharing in the industrial world. A Trade Fair where business opportunities become reality thanks to its format, which combines **the presentation of the latest in additive manufacturing and 3D printing with conferences for analysis and transfer of knowledge.**

## 2016 BIEMH

No. of exhibitors: 1,533  
No. of visitors: 40,033  
Over 140,000 statistics generated between exhibitors and visitors.

## PARTICIPANTS

### EXHIBITING SECTORS

Metal cutting machine-tools  
Metal forming machine-tools  
Other machines and equipment  
Tooling for M-T Components and accessories for M-T  
Automation of Processes and Manufacturing  
Metrology and Quality Control  
Production and Company Services  
Industrial Digitisation  
Cyber-security

### VISITING SECTORS

Managers, owners, directors and heads of department of manufacturing companies from:

Automotive and its ancillary industries  
Aeronautics and its ancillary industries  
Rail and its ancillary industries  
Power  
Gas & Oil  
Metal construction  
Capital goods  
Metallurgy  
Iron and Steel  
Valves  
Engineering  
Metalworking outsourcing  
Molds and dies...
